A screenshot of a 'Register' form. The form is titled 'Register' and contains several input fields: 'Name' (with a dropdown arrow), 'E-Mail Address', 'Password', 'Confirm Password', 'Teacher Id', and 'High School'. Below these is a section for 'OSSAA Academic Classification (Find Yours)' with a dropdown menu showing 'A'. A note below the dropdown states: 'In the last box you will put in your schools current year OSSAA Academic Bowl Classification. The most current listing is available by clicking on the Find Yours link above.' A blue 'REGISTER' button is located to the right of the dropdown. At the bottom of the form, there is a green footer bar with the text: '©2019 Invest Ed®, All Rights Reserved. Privacy Policy | Legal Notice | Site By Nominee'.

3. Fill out your name, personal email (so if you change schools you can take your account with you), set your password, confirm password, enter your Invest Ed® Teacher ID

Next you will go to the Resources link and get the Terms of Service signed for your school district. This has to be signed before your students log in to create their accounts.

6. You will then give the correct class code to your students and they will use that code when they sign up. If the student enters the code wrong it is okay because they can go into the settings tab and correct it. Then their STARS portfolio, once created will show up.
7. A look at the “students” screen. Here you can access students to view their transaction history, research log, company information, pre-assessment, and post-assessment, and access to their reports. See the next page.

- The next tab is the video materials page. These are OPTIONAL materials for you to use. Most videos contain an activity that can be completed when watching the video, a quiz, and a PowerPoint activity that can be used in place of the video. Teachers are the only ones who have access to these materials. Please note the answers are contained at the end of the documents. More materials will be added as created. We are in the process of moving over the support materials that were with the old videos also.
